Setting up an existing supplier

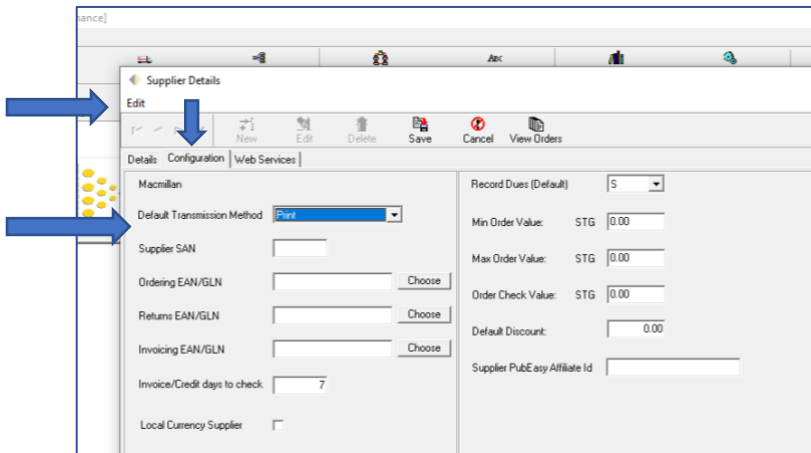

1. Go to Back Office, Maintenance and select the Suppliers tab.

2. Find the supplier you wish to set up from the dropdown menu: in this example, it's Macmillan (MDL).

3. Click on the Configuration tab and select Edit to change the Default Transmission setting.

4. Change the Transmission Method to EDI via Batch.

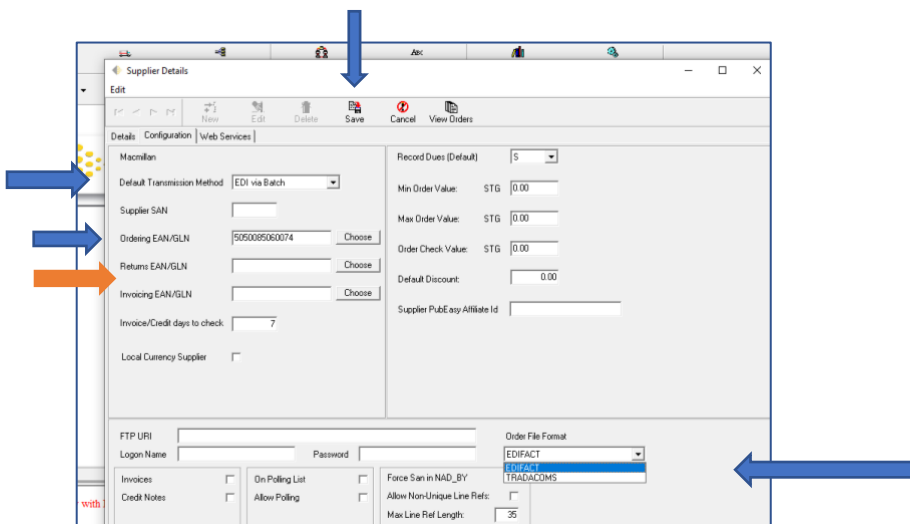

– Insert the supplier's **Ordering** GLN in the Ordering EAN/GLN box.

– Leave the SAN box empty.

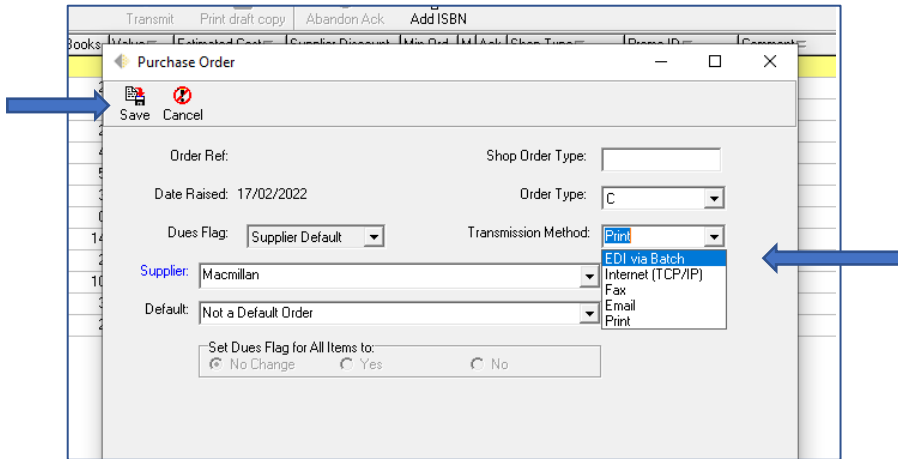

– Make sure the Order File Format is set to TRADACOMS. (EDIFACT is used for Gardners only.)

– Click Save and close the window to save the new settings.

Tip: If you wish to add the **Returns** and **Invoicing** EAN/GLNs at the same time, you can find these at the end of this document.

5. The next time you wish to create an order with this supplier, select EDI via Batch as the Transmission Method then click Save.

See next page for EAN/GLNs for Returns and Invoicing.
